FINE ARTS FESTIVAL

The fourth year for this most successful program of the Orme School Fine Arts Department.

During the week of the Festival, regular classes will be suspended and each member of our academic community will have the opportunity for participation in one of the various areas of fine arts. A full week of workshops in art, music, dance, drama and literature will be conducted by visiting professionals.

The program includes evening performances and demonstrations, as well as social events and outdoor activities. Visitors will be welcome to visit workshops on the final day of the Festival and to attend the opening of an exhibit of outstanding contemporary artists in the Library Gallery.

A full program listing performances, dates and times is being prepared for a January mailing.
